Mel hasn't dated publicly in

## Mel in **MAD** rush to marry young lover!

**L**OVESTRUCK Mel Gibson wants to wed a sexy young writer – even though at 24, she's less than half his age!

But the actor's seven children are warning him to pressure brunette beauty Rosalind "Rosey" Ross into signing an ironclad prenup so he won't get taken to the cleaners again!

The "Mad Max" star, 59, is still worth a whopping \$425 million, even after giving half his fortune to ex-wife Robyn Moore in their 2011 divorce settlement.

Mel also had a bitter breakup in 2010 with girlfriend Oksana Grigorieva, agreeing to pay her \$750,000 over five years to support their love child, Lucia. That was later cut to \$350,000 when Oksa-

"Mel's kids are happy he's found love with Rosey," said a source, "but they're pushing him to have her sign a prenuptial agreement."

"They're worried their hot-tempered, hot-blooded dad is so enamored right now, he's liable to do anything."

"They want to make sure he protects his fortune!"

Rosey was a writer on the short-lived El Rey Network series "Matador." According to insiders, Mel met her when she signed on to co-write a

feature script for his company, Icon Productions.

She's also written a script for the upcoming Iraq war drama "Lioness," won a gold medal at the World Equestrian Games, and posed nude for ESPN Magazine's Body Issue!

"Mel is captivated with Rosey," said the insider.

"In June, he whisked her off to a romantic vacation in Costa Rica, where he owns a 500-acre retreat, and then to Panama."

Meanwhile, Mel's brood – who range in age from 34 to 16 – are concerned about their dad.

The source said: "They have his best financial interests at heart, as well as their own! They could one day inherit his loot."

**C**AMERON Diaz worries her latest love story will be déjà vu all over again – and she'll be dumped for a younger woman!

Her hard-rocking husband, Benji Madden, is judging the Australian version of "The Voice" with blonde bombshell Delta Goodrem.

Benji, 36, and singer/actress Delta, 30, reportedly hooked up for a short-lived fling in 2012, and now sources have said 42-year-old Cameron is terrified their passion could reignite!

"Cameron's having nightmare flashbacks of her former relationship with Justin Timberlake," said a source.

the love of Cameron's life, but he dumped her for someone else," said the source.

After dating for nearly four years, the two announced their split in January 2007 amid rumors of infidelity.

"Cameron was left heartbroken and devastated," added the source.

"She thought Justin was the one, but he got away. After they broke up, it was hard for her to trust a man again."

But all that changed when the "Bad Teacher" beauty met Benji in May 2014. The two stunned pals by marrying in L.A. in January.

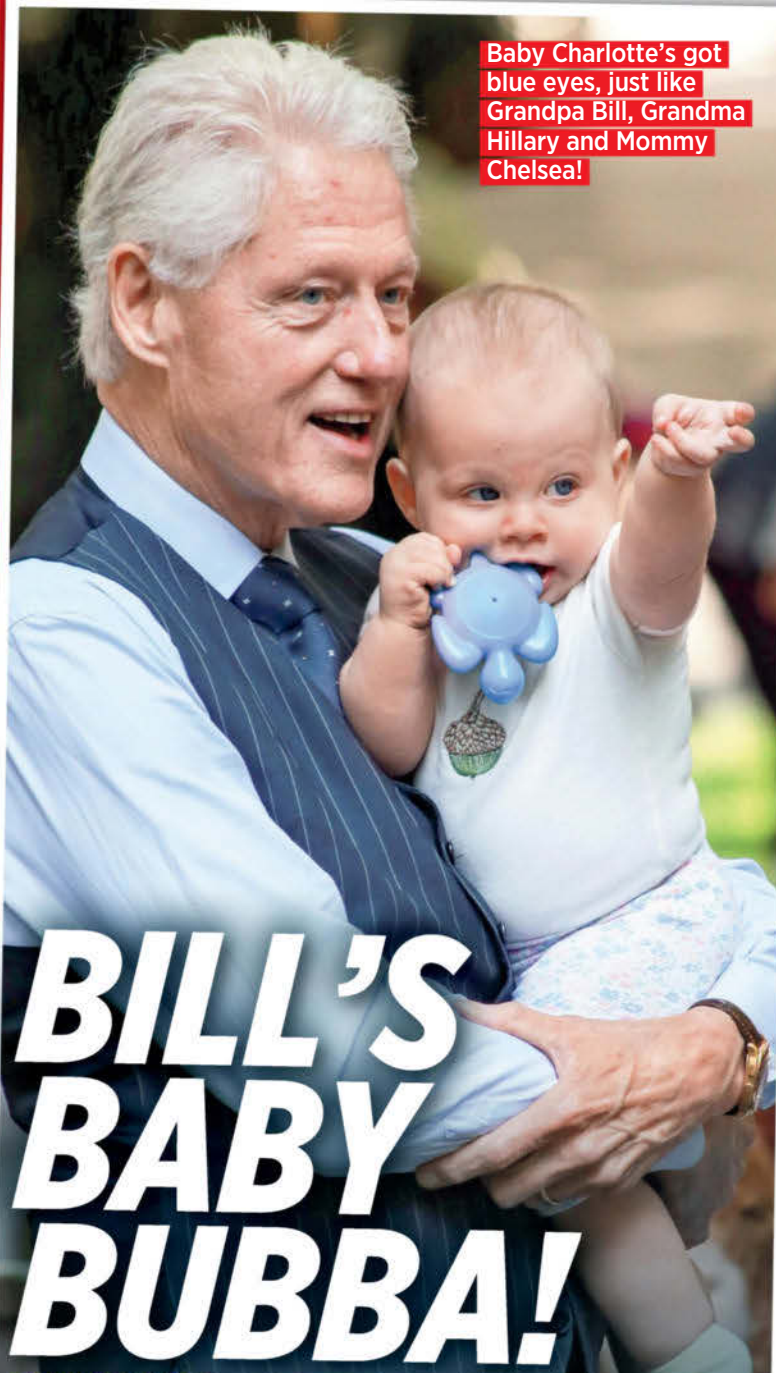

In February, the Bad Charlotte rocker had his bride's name tattooed across his chest, and posted a picture on his Instagram with the words, "Thinking about you."

Now, just months later, photos have popped up of Benji with sexy Delta, who's no stranger to scandal.

The chart-topper has been labeled "a homewrecker" and "Britain's most hated woman," after allegedly luring married Irish pop star Brian McFadden away from his wife and two children.

Now friends fear Delta and Benji are getting too close for comfort.

Said the source: "Cameron's terrified of being dumped again, and humiliated by another musician."

attorneys could've faked the agreement they claim forces him to stay quiet!

Judge Donna Geck denied a motion by John's team on June 26 to dismiss the case, and a trial confirmation hearing is set for Aug. 7.

"John's in major trouble," a source told The ENQUIRER.

"Being questioned under oath about Doug and their relationship could really be a disaster!"

It's the latest twist in a lawsuit filed by Doug, 65, who's fighting to publish his book, "Travolta Exposed," about his years as John's personal pilot and very personal companion.

As The ENQUIRER was first to report in 2012, Doug plans to reveal even more graphic details of their six-year gay relationship - but the mem-

The source added: "Anything introduced into evidence at trial becomes fair game, and that's something John is not going to like!"

"Kelly's absolutely furious now, and she blames John for allowing this to happen."

But it's likely John's team will attempt to limit questions to the confidentiality agreement in a desperate attempt to protect his apparent twisted double life.

The ENQUIRER recently revealed that the couple had a blowout fight over the case while they were in Hawaii. John escaped to Los Angeles, while Kelly remained behind with daughter Ella Bleu, 15, and son Benjamin, 4.

Besides the legal drama, John recently raised eyebrows when he had brunch July 12 with a handsome hunk at Melvyn's at the Ingleside Inn in Palm Springs, Calif.

The two men appeared to be pals, and roughly the same age, said an eyewitness.

"I tried to twist their arm to get them to hang around a little bit for our Sunday jazz jam session," the source said, "but I think they had another agenda."

# Hanks' pal in OVERDOSE DEATH

## Tom fears druggie son Chet will be next!

**T**OM Hanks – already worried sick over son Chet's battle with drugs and alcohol – has been shattered by the heroin overdose death of his friend and mentor, producer Chris Thompson.

Chris, 63, was the mastermind behind "Bosom Buddies," the 1980s sitcom that made Tom a star and set him on a path to becoming one of Hollywood's brightest. He died on June 26.

"Chris' ongoing addiction problems weighed heavily on Tom, especially in light of his own son's struggles," an insider told The National ENQUIRER.

"Tom fears he's getting a glimpse of Chet's fate if he doesn't clean up his act."

Tom and wife Rita Wilson put their aspiring rapper son – who has admitted, "I've been

Party boy Chet has said he's sober

struggling with substance abuse since I was 16 years old" – into rehab months ago.

Chet, 24, has since announced he was "50 days clean and sober from everything, including alcohol."

But he has not been able to stay entirely out of trouble.

As The ENQUIRER reported, Chet was recently wanted by

British authorities for trashing a London hotel room to the tune of \$1,800 after a night of outrageous partying.

Meanwhile, said the source: "Chris had a heavy-duty addiction problem for years.

"Tom, as well as Chris' ex-girlfriend, actress Téa Leoni, were desperately trying to get him back on track."

The actor, away filming on location, privately paid for his friend's final arrangements.

A message from Tom was read at a small memorial in Los Angeles before a gathering of mourners that included Garry Shandling, Penny Marshall, Bob Saget and Ed Begley, Jr.

Tom, 59, thanked Chris, saying he wouldn't have had a career without him.

"Tom's more scared than ever for Chet," the insider said. "He doesn't want his son to end up like Chris."

**Faith's former mom-in-law asks singer to reunite with her son!**

**A**S FAITH Hill and Tim McGraw's marital woes continue to rage, one person from Faith's past is eager to offer an escape route. The National ENQUIRER has learned exclusively.

The "Breathe" singer's former mother-in-law has confided that seeing Faith, 47, reunite with her son Daniel Hill would be a dream come true.

"Of course [I wished they stayed together]," Carolyn Hill told The ENQUIRER.

Her son, a music publishing executive, married Faith in 1988 when she was just another wannabe singer in Nashville. They split after five years.

Citing irreconcilable differences, Faith had to pay her ex royalties for her 1993 album, but it seemed she was willing to give up anything to get out of the union.

"I was going through so much. I was like a flower trying to bud," the singer has said. "Marriage wasn't what I needed. It was a disguise."

Carolyn, however, put the blame for the failed marriage squarely on Faith.

"She left. She was on her way out [of the marriage]," Carolyn explained.

While Carolyn added the divorce was "mutual," the toll it took on her family was deeply felt: "We were unhappy. She was loved. It was heartbreaking."

Despite her desire to see her son and Faith stay together forever, Carolyn said she hasn't spoken to Faith in many years.

"I've spoken to her one time, but after that we had no business talking," she said. "She was a good friend ... I had hoped it wasn't true [when they divorced]."

Daniel has never remarried, his mom added.

But Faith moved on, marrying Tim, 48, in 1996. They have three daughters.

The couple's 2006 Soul2Soul II Tour remains the second highest-grossing country music tour of all time, and the pair is worth a reported \$145 million. But as The ENQUIRER reported, Tim's wandering eye has repeatedly tested Faith's trust in him. He's been spotted sans wedding ring, while pals have said Tim's fed up with Faith's controlling ways.

# MIRANDA MAY **NEVER** SING AGAIN!

Country star  
Lambert  
battling  
serious  
throat issues

**A** CANCELED concert has left Miranda Lambert in the midst of a medical crisis!

"She's petrified that this could spell the end of her performing career!" an insider said.

The 31-year-old blonde beauty was forced to abruptly call off her July 9 show in Calgary, Canada, due to a serious inflammation of her vocal cords.

"Miranda was heartbroken over having to cancel," a source told The National ENQUIRER. "She had throat pain for weeks and had suffered from laryngitis.

"She thought it was just garden-variety fatigue from constant touring – but after doctors examined her, they warned Miranda that she needed to immediately rest her voice or risk serious complications!"

Miranda has kept a grueling pace for nearly a decade. She's toured every year since 2006, and "drives herself to the point of exhaustion," said the source.

The ENQUIRER has also revealed how Miranda's skyrocketing music career has been troubled by weight issues and ongoing problems in her marriage to country singing superstar husband Blake Shelton, 39.

"She's ambitious, but her work's also been a means of escape from problems with Blake," claimed the insider. "Miranda wouldn't know what to do with herself if she had to quit touring!"

The singer's Roadside Bars & Pink Guitars tour was scheduled to resume in late July after a break of several weeks.

"But Miranda isn't out of the woods yet," the pal told The ENQUIRER. "If the swelling doesn't go down, doctors may have to take more drastic measures – including surgery!"

"Blake's been trying to calm her, but she's a wreck physically and emotionally. Miranda's worst fear is that the problem will persist, or get worse and possibly be the nail in her career's coffin!" **NE**

wondering if the movie will introduce the real-life character of Judy.

Dolly met her closest confidante in the third grade, and Judy has served as her assistant for nearly 50 years. Dolly has even said they sleep in the same bed when traveling!

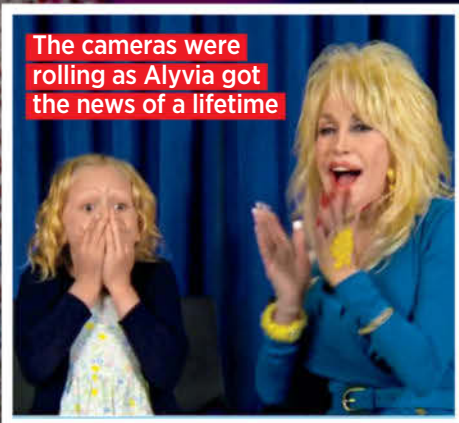

That bond has led to persistent rumors they share a romantic relationship – even though Dolly's been wed to contractor Carl for 49 years.

Dolly has good-naturedly swatted away the gossip, but the 69-year-old singer doesn't plan to throw any new fuel on the fire.

"She's in control of the films," said the source, "and nothing is going to be shown on the screen that Dolly doesn't want in there!"

# CAITLYN & CHAZ SEX SWAP WAR!

**C**AITLYN Jenner is receiving accolades for her inspiring speech at the ESPY Awards, but transgender rival Chaz Bono isn't sharing the love!

The two are engaged in a silent feud, according to sources, and Cher's son snubbed Caitlyn after the July 15 awards telecast, *The National ENQUIRER* has learned.

"Chaz's silence speaks volumes," a source told *The ENQUIRER*. "No doubt Chaz was stewing. He didn't offer any kudos to Caitlyn – far from it. And Caitlyn has privately told friends she thought Chaz would offer her some praise."

Added another insider: "While Chaz is being respectful and won't talk negatively about Caitlyn in public, it's pretty clear he is hating all the hoopla and publicity that Caitlyn is receiving."

Caitlyn gave an emotional speech about transgender rights and teared up when thanking her children in the audience for their support for her headline-making transformation from man to woman.

"If you want to call me names, make jokes, doubt my intentions, go ahead – I can take it," she said.

"But the reality is for the thousands of kids out there coming to terms with who they are, they shouldn't have to take it ... Trans people deserve something vital. They deserve your respect."

Almost immediately, social media lit up with support for the speech!

But Chaz, despite being born the daughter of Cher and the late Sonny Bono, has not profited from his transgender procedures, which he began in 2009.

The source told *The ENQUIRER*: "Other than appearing on 'Dancing with the Stars' and getting attention for losing weight, Chaz has preferred to mostly keep a low profile after making his transformation from woman to man. Before Caitlyn came along and sucked all the air out of the room, Chaz had worked tirelessly as a transgender advocate."

"The truth is, Chaz questions what good can come of the Jenner circus and fears the humanity of transgender people is lost in the hype. Seeing what Jenner is doing gets deep under Chaz's skin."

"The Chaz-Caitlyn feud could turn into one of Hollywood's biggest catfights if it ever explodes publicly!"

**T**HE sad fate of Bobbi Kristina Brown hides a secret tragedy for "Madea" creator Tyler Perry!

The star of "Gone Girl" is blaming himself for Whitney Houston's daughter ending up on life support after a drug-fueled party, sources have exclusively told The National ENQUIRER.

In our issue last week, The ENQUIRER exclusively reported that criminal investigators had identified a possible motive for murder - and were pursuing a theory that Gordon blew up in a homicidal rage after Bobbi Kristina announced plans to dump him to pursue a singing and acting career in California.

**W**HEN ISIS issued a chilling online call to arms for its Western brothers in June, a twisted “All-American” kid from Tennessee was quick to answer – slaughtering four innocent Marines and wounding three others at two Chattanooga military facilities.

Before cops shot him dead, 24-year-old Mohammad Youssuf Abdulazez was a well-liked college grad living a seemingly idyllic life in the suburbs.

But The National ENQUIRER can reveal he spent months visiting terrorist hotbeds in Yemen and Jordan, and radicalizing himself for his murderous mission on July 16.

ISIS marked the one-year anniversary of its self-proclaimed existence as an Islamic state on June 29, during the of the holy month of Ramadan, declaring Allah would reward acts of violence “10 TIMES as much as the rest of the year.”

“Abdulazez was the perfect target for their sick propaganda,” a Pentagon source exclusively told The ENQUIRER.

Born in Kuwait in 1990, he became a U.S. citizen in 1996. His high school wrestling coach, Kevin Emily, revealed Abdulazez sometimes skipped practice for prayer, but did not see his increasing radicalization. “There were no red flags,” he said. “We

Chilling mission of ISIS-supporting man busted by his Boston police captain dad

**T**ERRIFYING court documents obtained by The National ENQUIRER revealed the ISIS-obsessed son of a police captain planned a vicious and calculated assault on gay Americans!

“I know what I’m doing,” Alexander Ciccolo, 23, told an undercover agent, according

to a shocking FBI affidavit that detailed his desire to execute homosexuals at an unnamed college campus.

“That is our target! I collected a lot of info on this place,” Ciccolo told the agent.

“It supports the f---ts, so even better to destroy them.”

The papers also revealed

Ciccolo, who was calling himself Ali Al Amriki, invited the agent to participate in the attack, and asked him to help secure supplies for his twisted mission.

“I want tons of ammo!” Ciccolo said, referring to an attack on a university with a large gay population, accord-

ing to the documents.

Ciccolo was busted at his home in Adams, Mass., on July 4, after the undercover agent delivered a cache of guns from a joint terrorism task force, according to the documents.

Pals said he liked beer, played football and even became a mixed martial arts fighter.

“He had friends,” said classmate Kagan Wagner. “He always fit in.”

**BUT SCRATCHING** beneath the surface revealed a starkly different portrait. Authorities investigated his father, Youssef, several years earlier for “possible ties to a foreign terrorist organization.” At one point, Yousuff was on a terrorist watch list, and was questioned while traveling.

At another point, his mother filed divorce papers alleging Youssef beat her and their children.

Chillingly forecasting his future, Abdulazeez wrote in his school yearbook: “My name causes national security alerts.

**Gunnery Sgt. Thomas Sullivan**

His behavior grew more erratic in recent months. He’s seen smirking in a mug shot after an April DUI bust. Cops said he had “white residue” on his nose, and his car “reeked of pot.” Last year he made several trips to the terrorist training sanctuary in Yemen and visited Jordan five times!

When he returned, he started a blog laced with such extremist writings as: “Brothers and sisters, don’t be fooled by your desires, this life is short and bitter and the opportunity to submit to Allah may pass you by.”

On July 16, he drove a silver Mustang up to a Marine recruiting center and unleashed a barrage of gunfire, then led police on a high-speed chase seven miles to a U.S. Navy operational support center for a second bloody assault.

Abdulazeez’s attack was the seventh on U.S. soil during the Obama administration, leaving 24 dead. Thirteen people were killed at Fort Hood, Texas in 2009, while three people, including an 8-year-old boy, perished in the Boston Marathon bombing.

September by his own father, Boston Police Captain Robert Ciccolo.

The shaken officer told counter-terrorism agents his son was “going off the deep end.”

His fears were well-founded, and the tip triggered a 10-month sting operation. During that time, Ciccolo was in constant email contact with the undercover agent, who posed as an ISIS operative to draw out his dark plans for mass murder.

The court documents also described Ciccolo’s detailed plans to build a bomb using a pressure cooker.

In his own casually disturbing words, Ciccolo allegedly said: “You take a pressure cooker ... fill it up with black powder ... and ball bearings, nails, glass, rocks ... you know.”

But he also indicated he wanted quality firepower.

“Really need the guns. You get the rifles, I’ll get the powder,” he allegedly said.

Ciccolo vowed to become a martyr for his twisted mission, writing, “We win or we die!”

But when he was cornered by agents, the ISIS-loving coward gave up without a fight. **NE**

## MISSHAPEN MEG!

**M**EG Ryan's shocking new appearance has pals and cosmetic surgeons terrified she's gone too far!

"When Meg's out and about in Martha's Vineyard, where she has a home, the locals hardly recognize her," said a concerned friend.

Meg, 53 – famous for "Sleepless in Seattle" and "When Harry Met Sally" – stars in two films set for release later this year. Determined to put her best face forward, she's undergone multiple procedures, according to insiders.

"It's rumored Meg had a facelift and fillers," said a source. "Actually, it's obvious because her forehead and the area between her eyes don't move."

While Meg has never publicly admitted it, experts believe she's undergone extensive work.

"Someone erased her delightful, wholesome, girl-next-door look and replaced it with a weird caricature," said preeminent plastic surgeon Dr. Lyle M. Back, who has not treated Meg.

"It looks like she's had multiple laser resurfacings, as well as way too much Botox and heavily pumped filler, especially in her overstuffed cheeks."

Her lips also appear to have been over-filled, leaving her with a "Joker-like smile," he said.

Dr. Otto Placik, who has not treated the star, agreed, adding: "Meg's charm was an all-American kind of sexiness, but all this work has transformed her into something else."

"She's had a lot done to her eyes, which are thinner than they once were, suggesting the lower lids have been lifted. Her nose is clearly altered."

The multiple procedures have actually been counterproductive, according to Dr. Back. "All the laser resurfacing on her face has created a weirdly smooth sheen, making the contrast with her sagging neck more alarming," he explained.

Dr. Back's prescription for Meg moving forward is simple: "She needs to realize the answer is not to keep doing more, but to do a lot less." **NE**

# ANGIE'S HEAR — AS DAUGHTER RETURN TO

## Jolie faces losing custody of a

**A** DEVASTATING shocker threatens to tear Angelina Jolie's family apart — and she could lose her precious adopted daughter, Zahara!

The legality of Zahara's adoption has long been questioned, and now the feisty 10-year-old has demanded to join her biological mother in Africa, sources said.

Adding to Angelina's agony, the Oscar-winning actress continues to clash with husband Brad Pitt over how to raise their rough-and-tumble brood of six children, according to insiders.

"Zahara has been asking a lot of questions about her background. She wants to know the truth," revealed an insider close to 40-year-old Angelina.

"Zee says, 'I want my real mother! I want to be with her!'"

"Angie loves the fact that Zee wants to know more about her heritage. But she's afraid of what might happen if they go to Ethiopia."

"Will Zee want to stay there? That would absolutely crush Angie!"

An insider added: "This new development has rocked Angelina's world."

"She always suspected there would come a time when Zahara would begin asking questions about where she came from, and would want to return to her birthplace."

"But, now that it's here, it's like a punch to the gut!"

**ANGELINA ADOPTED** Zahara in Ethiopia, and brought the undernourished 6-month-old, who weighed a scant nine pounds, to the U.S. in July 2005.

After examining Zahara, doctors discovered the infant was desperately battling a potentially fatal bacterial infection. Angelina spent a week at Zahara's bedside in a New York

City hospital as the tiny child fought for her life!

Later that year, Zahara successfully overcame rickets, a softening of the bones caused by severe vitamin D deficiency.

Then Angelina was shocked by claims that Zahara's birth mother had NOT died of AIDS, as she'd been told, but was still alive!

**THE 18-YEAR-OLD** mother, Mentewab Dawit, said she'd given birth to her daughter after being raped. She ran away, leaving the infant with her family.

The family could not care for the child, and gave her up to be adopted even though, under Ethiopian law, a mother must consent to any adoption.

After those problems with Zahara's paperwork were revealed, the international adoption agency Wide Horizons For Children insisted Zahara's mother really was dead.

"The adoption is legal and still stands," Judge Dag-nachew Tesfaye told The

ENQUIRER at the time.

"The evidence presented to the court shows the child was an orphan. That is sufficient."

However it was later revealed the man who arranged Zahara's adoption, Girma Degu, had been trying to silence Mentewab and even threatened to have one of her sisters jailed!

Zahara's grandmother, Almaz Bifnhe, who admitted she could neither read nor write, said: "I don't know what

they wrote but what I said was that my daughter ran away, not that she was dead!"

Zahara's aunt, Zinash Haile Yenero, also criticized the adoption: "After they took the baby, my mother was very sad. At one point she was even thinking of trying to find a way to bring her grandchild back. But she has no money, so she can't."

**GRIPPED BY** the heart-breaking prospect of losing

her daughter, the "Lara Croft" beauty has taken to butting heads with Brad, 51, over how

children.

Family sources told The ENQUIRER the superstars' kids, led by 11-year-old adopted son Pax, are bitterly upset about not getting equal time with their parents.

The kids flipped out when Vivienne, now 7, landed a key role in Angelina's hit movie, "Maleficent," sources said.

Yet another bone of contention is that Shiloh, 9, has been tagging along with her mother on humanitarian work around the globe!

The source said: "Brad believes Angie may be putting Shiloh in danger by taking her to refugee camps in war-torn countries."

Add this to Zahara's desire to return to Ethiopia, and the source said it could set off the "fight to end all fights" between Angie and Brad!

"Now, Angie's worried that Brad's going to flip his lid over Zee wanting to go back to Ethiopia!" the source said. "It's more than she can bear, and could lead to a split!" **NE**

JENNIE'S  
MESSAGE  
TO TORI:

# GIVE MARRIAGE A SECOND CHANCE!

NEWS

JENNIE Garth has made no secret of her plans to have more kids with new husband Dave Abrams – and many of the guests at their July 11 wedding were whispering they already spied a baby bump!

“There was definitely something under her gown!” an insider exclusively told The National ENQUIRER.

Roughly 120 guests celebrated at Garth’s six-acre Los Olivos, Calif., ranch for the outdoor ceremony featuring local brews and fried chicken.

The 43-year-old former “Beverly Hills, 90210”

Ecstatic Jennie was glowing at the wedding

star looked radiant in a romantic, nontraditional Claire Pettibone gown.

“She looked so happy,” gushed the insider. “And Dave was over the moon.”

One guest who looked envious over Jennie’s happiness was her “90210” co-star, 42-year-

old Tori Spelling.

As The ENQUIRER reported, Tori has been battling to save her nine-year marriage to Dean McDermott after he was caught in December 2013 in a two-day sex romp with Emily Goodhand, 28, in Toronto.

“Tori’s been on the verge of calling it quits many times,” said a pal, “but seeing how happy Jennie is helped her decide to give Dean another chance and put her doubts behind her.”

Meanwhile, Jennie’s actor-producer husband has been far more attentive and present for his bride and her three daughters, Luca, 18, Lola, 12, and Fiona, 8, than her often-absent ex, Peter Facinelli.

Jennie has admitted she went through a dark depression after the 11-year marriage unraveled in 2012. But all that changed after meeting Dave. After he proposed to Jennie in April, she told pals she wanted more children.

“It looks like Jennie’s wish is coming true sooner than later!” said a source. **NE**

# MOM'S A MAN... DAD'S A WOMAN!

**B**IANCA and Nick Bowser are ordinary parents – except that she is the “dad” and he is the “mom.”

Bianca, 32, was born as a boy named Jason. Nick, 27, was once a girl named Nicole. They are transgender, but still have their original sex organs because they can't afford more surgery.

**HER BOYISH YOUTH!**

Despite challenges, the couple are on top of the world with two children.

Nick took testosterone to change his appearance and had surgery to remove his breasts, while Bianca had breast augmentation and laser hair removal. She didn't need hormones because she naturally looks and sounds feminine.

Although they dislike having their biological genitalia, having sex has never been a problem. “We have the parts so we use them,” Bianca said.

Since they wanted children, Nick carried and birthed their two sons via C-section.

**Bianca, left, Nick and their two sons just might be America's most unique family!**

“We wanted our children to be ours,” he explained. “But being pregnant made me absolutely miserable.”

Because Nick appeared to look like a pregnant man, the couple received stares and nasty comments from strangers. So he only left the house for doctors' appointments in his third trimester.

The Kentucky couple haven't told their kids – yet. “I don't know when we will,” admitted Bianca. “But they will definitely need to be old enough to understand.”

Bianca and Nick, who married in 2011, are struggling to balance her career as an entertainer and his as a bar manager.

“It's exhausting, but we love raising children,” said Bianca. “I didn't think I'd be able to find anyone to do it with me.”

“Every family has something that sets them apart

and for us it's the fact that Nick carried our children.”

The unique couple hope that speaking out will help get people to accept those who might be different – including transgender couples.

“This isn't just for our benefit,” explained Bianca. “It's also for future generations.”

Urgent: Special Summer Driving Notice

To some, sunglasses are a fashion accessory...

## But When Driving, These Sunglasses May Save Your Life!

**Drivers' Alert:** Driving can expose you to more dangerous glare than any sunny day at the beach can... do you know how to protect yourself?

The sun rises and sets at peak travel periods, during the early morning and afternoon rush hours and many drivers find themselves temporarily blinded while driving directly into the glare of the sun. Deadly accidents are regularly caused by such blinding glare with danger arising from reflected light off another vehicle, the pavement, or even from waxed and oily windshields that can make matters worse. Early morning dew can exacerbate this situation. Yet, motorists struggle on despite being blinded by the sun's glare that can cause countless accidents every year.

**Not all sunglasses are created equal.** Protecting your eyes is serious business. With all the fancy fashion frames out there it can be easy to overlook what really matters—the lenses. So we did our research and looked to the very best in optic innovation and technology.

**Sometimes it does take a rocket scientist. A NASA rocket scientist.** Some ordinary sunglasses can obscure your vision by exposing your eyes to harmful UV rays, blue light, and reflective glare. They can also darken useful vision-enhancing light. But now, independent research conducted by scientists from NASA's Jet Propulsion Laboratory has brought forth ground-breaking technology to help protect human eyesight

Slip on a pair of Eagle Eyes® and everything instantly appears more vivid and sharp. You'll immediately notice that your eyes are more comfortable and relaxed and you'll feel no need to squint. The scientifically designed sunglasses are not just fashion accessories—they are necessary to protect your eyes from those harmful rays produced by the sun during peak driving times.

from the harmful effects of solar radiation light. This superior lens technology was first discovered when NASA scientists looked to nature for a means to superior eye protection—specifically, by studying the eyes of eagles, known for their extreme visual acuity. This discovery resulted in what is now known as Eagle Eyes®.

**The Only Sunglass Technology Certified by the Space Foundation for UV and Blue-Light Eye Protection.**

Eagle Eyes® features the most advanced eye protection technology ever created. The TriLenium® Lens Technology offers triple-filter polarization to block 99.9% UVA and UVB—plus the added benefit of blue-light eye protection. Eagle Eyes® is the only optic technology that has earned official recognition from the Space Certification Program for this remarkable technology. Now, that's proven science-based protection.

**The finest optics: And buy one, get one FREE!**

# MICHELLE TO B *Quit cover* *up for Co*

## Barack finally addresses the issue but ignores pleas to revoke Bill's medal of honor

**F**URIOUS First Lady Michelle Obama demanded her husband finally blast Bill Cosby as a rapist after years of ducking the issue!

President Barack Obama “purposely covered up” for the embattled comic because Cosby, 78, was a staunch supporter and campaigned for the “Commander-in-Cheat” in both the 2008 and 2012 elections, sources claimed to *The National ENQUIRER*.

In addition, an insider said the rape allegations against Cosby “hit a little too close to home” for Barack. One of his closest high school pals, Keith Kakugawa, brutally attacked and sexually assaulted a woman. He was charged in

2013 with five felonies and pleaded guilty to a charge of penetration by a foreign object and to false imprisonment. Kakugawa was sentenced to an eight-year prison sentence in California.

Said a source: “When Bill’s rape and drug scandal exploded again, Michelle told him he couldn’t duck the issue anymore – especially being the father of two teen girls. They had a bitter fight and she even declared, ‘You’re both cheating dogs!’”

When Barack was finally asked about Cosby at a July 15 press conference, he said: “If you give a woman, or a man for that matter, a drug and then have sex with that person without consent,

that’s rape,” adding: “I think this country, any civilized country, should have no tolerance for rape.”

**CRITICS HAD** also been lambasting the President for ignoring Cosby’s multitude of victims while making a mockery of the Presidential Medal of Freedom, spurning demands from victims’ rights advocates – and even members of his own party – to strip the sex maniac of America’s highest civilian honor.

When asked whether he would revoke Cosby’s Presidential Medal of Freedom, Barack replied there was no precedent for that ... saying, “We don’t have a mechanism,” and he didn’t want to

The distinction has been awarded to figures such as Nelson Mandela, Andy Griffith, Carol Burnett, Jonas Salk and Bob Hope.

Sadly, Cosby was awarded the medal by President George W. Bush in 2002 – even after *The ENQUIRER* reported Cosby had an extramarital affair and allegedly

## CAMILLE'S ANGER AS STAUNCH SUPPORTER WHOOP! CH

**BILL** Cosby’s long-suffering wife, Camille, is furious that her husband’s most ardent supporter, Whoopi Goldberg, has turned her back on an old friend just to save face! “Camille thought Whoopi

was the staunchest Cosby supporter in Hollywood, and now she’s livid that she’s bashing him in public,” a source said. “It’s going to be a nasty feud that Whoopi’s never going to live down.”

The outspoken “Ghost” star, 59, had been using her pulpit on “*The View*” to express her doubts about the dozens of women accusing Cosby of using drugs to sexually assault them.

Angela Rose, who heads the sexual assault prevention group Promoting Awareness, Victim Empowerment, is leading the battle to have the medal yanked.

"Bill Cosby has admitted to obtaining drugs to give to women with whom he wanted to have sex," she said. "That's why it is vital the President sent a message about the critical importance of consent!"

Former White House staffer Aram Bakshian, Jr. – who vetted Medal of Freedom nominations for President Ronald Reagan – said he was surprised the medal was ever awarded to Cosby.

"I don't know if it's possible for President Obama to revoke the medal – but if I were advising him, my first impulse would be to have him issue a statement saying Cosby's appalling behavior deserves to be condemned!"

– SHARON CHURCHER

## CHANGES HER TUNE!

All that changed July 6 when Whoopi was apparently smacked into reality by the besieged comic's admission in an unsealed deposition that he actually drugged women to get sex.

"If this is to be tried in the court of public opinion, I got to say, all of the information that's out there kind of points to guilt," she admitted on "The View" on July 14.

"After this, Camille will never watch 'The View' again!" the source added.

## HUSH MONEY CHECKS THAT WILL NAIL THE DISGRACED STAR

CREEPY Cosby left a long paper trail after decades of paying off his rape victims!

An incriminating series of canceled checks could sink him in a criminal trial, The ENQUIRER has learned.

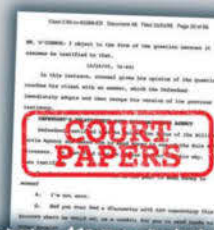

In court papers obtained by The ENQUIRER, Cosby testified that Tom Illius at William Morris Agency paid several women for Cosby over the years.

"Now those canceled checks are in

play," an insider said. "They could even serve as corroborating evidence against Cosby if he's charged!"

What's more, Cosby's former employee Frank Scotti had also admitted to delivering monthly payments to women for Cosby.

The sitcom star's \$400 million fortune funded additional payouts to at least eight women between 1989 and 1990. **NE**

ROSIE O'Donnell and latest gal pal Sophie B. Hawkins are proud parents!

“Our family is now complete!” the singer told The National ENQUIRER after she gave birth to baby daughter Esther on July 7.

As The ENQUIRER first reported, Rosie filed for divorce from her ex, Michelle Rounds, on February 27.

By early March, Rosie and Sophie, 50, were spotted “all over each other,” perhaps validating rumors that Rosie was cheating on Michelle with the singer.

The ENQUIRER also revealed Rosie has been accused of the illegal adoption of her daughter Chelsea, 17, by her biological mother.

Despite the drama, Rosie said she’s committed to raising Esther with Sophie.

“Being 50 is an amazing age to have a second child,” Sophie said.

## MURDER, MAYHEM, MISERY: WINNERS WH

**T**HE headlines are littered with stories of jackpot winners who lost it all – and ended up behind bars or living in trailers after losing their families, their homes and their dignity!

“More than half of the people who come into sudden money end up broke,” Wayne von Borstel, a certified financial planner with offices in Oregon, told The National ENQUIRER.

“They’re in a fairyland where they think money will last forever, and don’t realize how easy it is for it to disappear. Sudden money allows good people to be really foolish.”

Check out these big winners who discovered money can’t buy happiness.

### WILLIAM POST

The future looked bright when William Post hit a \$16.2 million jackpot in 1988 – but William turned out to be as bright as a post.

Within two weeks of receiving his first annual \$500,000 check, the Pennsylvania man was in the hole for buying a used-car dealership, a restaurant and a private jet.

He’d also get a price tag on

William found out money could buy him hate!

his head after his brother hired a hit man to knock off William and his sixth wife!

William eventually filed for bankruptcy – but not before firing shots at a bill collector.

“Everybody dreams of winning money, but nobody realizes the nightmares that come out of the woodwork,” William said in 1993.

When he died of respiratory failure at age 66 in 2006, his only income was a \$450 monthly disability check.

“I wish I’d torn that ticket up,” Jack later admitted

### JACK WHITTAKER

Super-lucky Jack Whittaker took home the biggest jackpot ever paid out on a single ticket in 2002 – \$315 million!

The 55-year-old West Vir-

ginia man was already worth about \$17 million thanks to his prosperous construction company. But then things went downhill real fast.

Months after winning, thieves broke into Jack’s car at a strip club and made off with \$545,000 in cash in a suitcase he’d left on the seat.

In 2004, his car was broken into again. That time, thieves made off with \$200,000.

Within months, both his granddaughter and her boyfriend died in Jack’s home of drug overdoses.

He was later sued by Caesars Atlantic City for bouncing \$1.5 million in checks to cover his gambling debts. As he fought the claim in court, his daughter died of mysterious and undetermined causes.

Today, Jack still lives in West Virginia ... with a lot less cash.

## WHO WENT FROM WINDFALL TO DOWNFALL!

### BARBARA QUILES AND LINZA FORD

The check Linza claimed for herself

This Brooklyn mother and daughter found their love for each other overdrawn when it came to sharing a \$1 million lottery prize!

In a lawsuit filed in late May, Barbara Quiles, 51, claimed she was too sick to cash in the scratch-off ticket she bought in 2012, and asked Linza Ford, 21, to pick up the big payoff.

Linza allegedly opened a safety deposit box for her mother to access the cash – but Mom charged Linza has denied her access. Linza, however, said: “I won the lottery and I signed for the ticket!”

Barbara and Linza are still battling in court

### DORIS MURRAY

When mother-of-four Doris Murray won \$5 million in 2007, she never dreamed her number was up – in the worst possible way.

The Georgia woman hit the jackpot on her 41st birthday, and declared: “This is the best birthday ever!”

After she got the good news, Doris was photographed with her boyfriend of eight years, Derrick Stanley, holding a giant check for \$5 million.

But their love story didn't last, according to family members.

“His house had gone into foreclosure,” said Doris' daughter Aren-tia. “He was thinking my mama's supposed to be his way out.”

A few months later, police answered a 911

Derrick Stanley

call at Doris' home and found her on the floor, brutally stabbed to death.

Her boyfriend was seen fleeing the home with blood on his face. Stanley was arrested following a car chase, and jailed for murder.

### JEFFREY DAMPIER

Chicago's Jeffrey Dampier pledged to use his \$20 million jackpot winnings in 1996 to bring his family together. He bought a popcorn company in Tampa, moved everybody to the Sunshine State and gave them jobs.

He also lavished family members with gifts, and even bought his sister-in-law Victoria Jackson and her boyfriend, Nathaniel Jackson, an apartment.

But that wasn't enough for the greedy couple.

The Jacksons called Jeffrey to their new home to look at their broken-down car. When he got there, they tied him up and forced him into the vehicle, then drove to a dead-end street where they shot him in the head.

They were each convicted of murder, with both now serving life sentences. **NE**

COUNTING calories but craving fast food? Slow down for a healthy choice! If you're near a Burger King, try the benefits of a Tender-grill Chicken Sandwich. Hold the mayo for a tasty meal at only 350 calories and nine grams of fat - plus 25 percent of your daily value of sodium. Order apple slices as a side, or try the

Value-Sized Onion Rings. That's a perfectly low eight grams of fat, with 17 percent of your daily value of sodium at 150 calories!

## A BETTER BREAST SURGERY

COSMETIC breast procedures are popular. Last year in the U.S., surgeons performed about 130,000 lifts or reductions - with side effects ranging from scarring to the loss of ability to breastfeed. But there's new hope with a method developed by Texas surgeon Dr. Gary Horndeski. His procedure uses a woman's own tissue to reshape, reposition and secure the breast to the chest muscle. That avoids sagging over time, promises no scarring, and won't lead to decreased sensitivity!

## When to get KNEE SURGERY

KNEE surgeries are marching uphill, with more than 600,000 performed in the U.S. last year. But - as with any procedure - there are risks, and it's wise to exhaust all other treatments first. Consult an orthopedic surgeon who will conduct a thorough examination using X-rays and possibly an MRI before reviewing your medical history to determine whether surgery is necessary. If it is, don't delay. Continued use of a damaged joint will lead to further deterioration, making a future procedure more complex and reducing the chance of improvement.

## NATURAL MIGRAINE SOLUTIONS

MORE than 37 million Americans suffer from migraines - a number that includes three times more women than men! Multiple medical treatments are available for the crippling condition, but doctors also recommend non-drug remedies. One way to head off a migraine is to steer clear of obvious triggers such as alcohol. Peppermint oil opens up the sinuses, so more oxygen can get to the bloodstream. Beware, certain foods - avocados and bananas, as well as meats and red wine with nitrates - can also cause the pain!

## ORAL LESSON FOR DIABETICS

THERE'S a link between gum disease and diabetes. In fact, researchers at Columbia University found that people with periodontal disease face double the risk of developing type 2 diabetes. Doctors believe infections in the mouth lead to low-grade infection throughout your body, which in turn wreaks havoc with the ability to process sugar. So grab a brush - and see your dentist regularly!

## Get a leg up on FOOT PAIN

PLANTAR fasciitis - also called jogger's heel - is a common pain in the heel or arch of the foot. It usually goes away on its own after about six months of rest, but could leave behind nerve damage, pain and flat feet. Non-surgical options include anti-inflammatory injections, splints worn while you sleep and over-the-counter arch supports with a heel cushion. Try these treatments for at least six months before committing to surgery, and consult with an orthopedic surgeon about any alternative solutions!

# THE REALITY DIET THAT WORKS

How going ketogenic keeps Kim photogenic

*'Why is it when you're dieting, you crave everything?'*  
**Kim Kardashian**

**K**IM Kardashian leads a very public life, and that includes her struggle to keep off the pounds. She's been especially outspoken about the benefits of the ketogenic diet - which means she's cut back on carbs and indulged in fats and protein to get her body using fat for energy. It's a plan that's also become popular with celebs like Jennifer Aniston and Sharon Osbourne, but this simple guide proves the ketogenic diet isn't just for the rich and famous ...

## 1 THE BASIC KETOGENIC

Kim's daily diet starts with Greek yogurt or whole-egg omelettes. Lunch and dinner can be fish, lean red meat, poultry, eggs and high-fiber vegetables with olive oil. Snacks include nuts, turkey and cheese roll-ups, and veggies with guacamole dip.

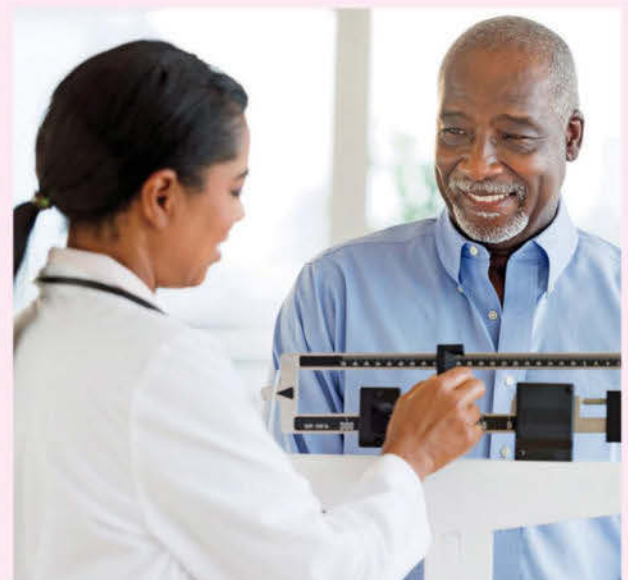

## 3 GRAB KETO ON THE GO!

Pick up some fast food! McDonald's, Wendy's and Burger King will all accommodate requests for breadless burgers. They'll put it in a dish or use lettuce as a bun - and Chipotle's Burrito Bowl is keto heaven once you leave out the rice and beans!

## 2 LOW-CARB CHEAT SHEET

Buy whole milk and yogurt, and keep the yolk in your egg dishes. Skip a slice of pizza for steak, plus cheesy broccoli or spinach. No carrots, potatoes or beets - they're high in sugar! Use almond flour to make waffles, pancakes and pizza crusts.

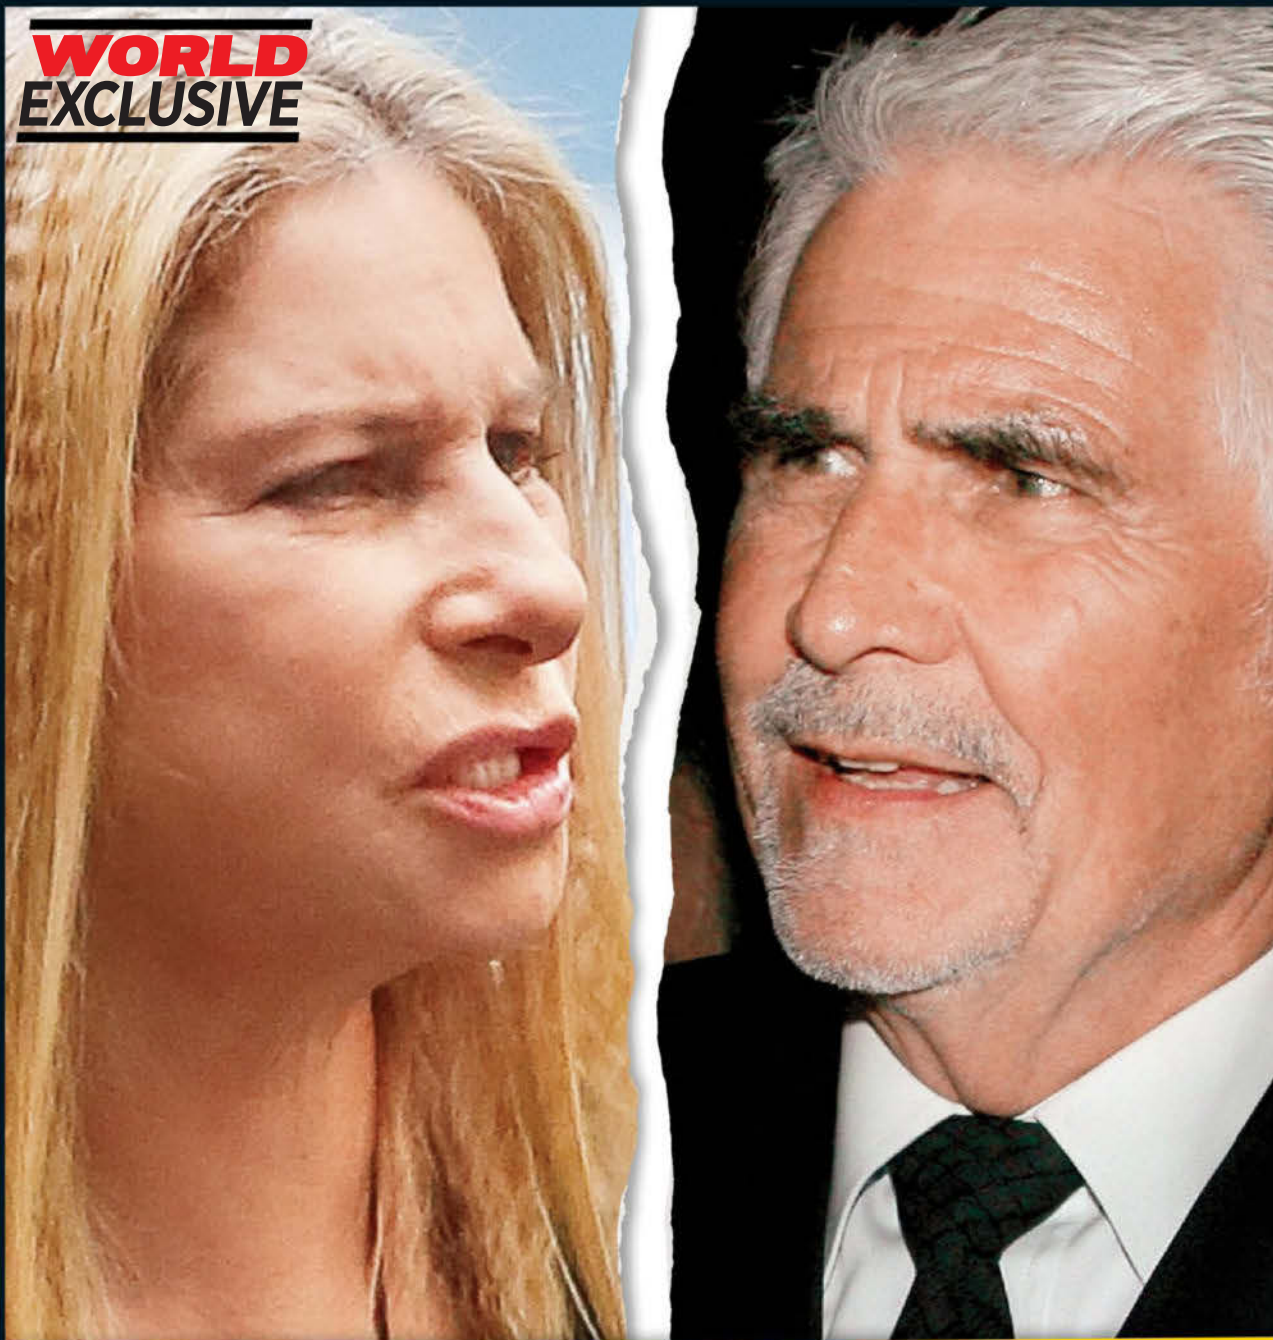

## 4 BONUS BENEFITS

A ketogenic diet controls your blood sugar, and patients with depression have reported a natural lift after following the diet. Doctors have also recommended a ketogenic diet to cancer patients, with improvements in their moods and sleep habits!

**B**ARBRA Streisand's 17-year marriage has exploded over her plans to reveal the names in her "little black book," The National ENQUIRER has learned.

The showbiz diva wants to spill the juicy details of her wild love life in her upcoming autobiography, but irate husband James Brolin has demanded Barbra ditch the memoir for fear it will embarrass him, according to insiders.

Now sources have said "the fight to end all fights" could propel the couple to a \$550 million split, and spill their dirty divorce secrets before her book is published in 2017!

**A MOLE TOLD** The ENQUIRER: "They had a mega blowout after James begged Barbra not to go into embarrassing detail about her long list of Hollywood lovers. But she told him, 'Stay out of it! It's my book and I'll write what I damn well please!'"

The ENQUIRER learned the "Funny Girl" star will admit to romances with a Who's Who of Hollywood, including Elvis Presley, Ryan O'Neal, Kris Kristofferson, Jon Voight, Richard Gere and Warren Beatty.

But the insider said James is holding a trump card – the scoop on Barbra's long-rumored affair with former president Bill Clinton!

"James has got plenty on Babs, and much of it has to do with Bill, including rumors of wild romps between the two!"

dished the source.

While Barbra and Bill have long claimed to be "just-friends," The ENQUIRER has reported then-First Lady Hillary Clinton was furious when she learned Barbra spent the night at the White House while she was out of town.

When she returned, Hillary clawed Bill, bloodying his face, and banned Barbra from ever visiting again.

**"JAMES KNOWS** what really happened, and don't put it past him to use it against Barbra," said a source.

The couple had a major blowout when Barbra, 73, once told "Meet the Fockers" co-star Dustin Hoffman that she and James, 75, had sex six times a week, the insider added.

In reality, "Barbra has banned James from sex to teach him a lesson about keeping his eyes off other women," said the source.

As The ENQUIRER has reported, James became smitten with "Castle" co-star Stana Katic, and once walked out on Barbra for a time when they fought about it.

Barbra, who's worth an estimated \$500 million, is expected to earn a \$25 million advance for her book and could reap another \$50 million if it's made into a movie, according to sources.

Meanwhile, James – best known for TV's "Hotel" and "Marcus Welby, M.D." – is worth over \$145 million.

The source said: "If they split up, no doubt there would be a vicious divorce fight. But James doesn't need to read the book or see the movie. He's lived the nightmare." **NE**

## 'LOVE CHILD!'

### Teenage son not mentioned in new biopic

**A** LOVE child scandal has erupted in the wake of a new documentary about the tragic life of "Saturday Night Live" funnyman Chris Farley.

"I Am Chris Farley" is supposedly a revealing portrait of the comedian who fatally overdosed on cocaine and morphine in 1997 – but there's no mention of the alleged secret son uncovered by The National ENQUIRER!

In the Sept. 19, 2005, issue of The ENQUIRER, ex-model Josette Doyle claimed her son – Sterling Farley Doyle, then age 8 – was conceived during a one-night stand with Chris in December 1996!

"We had both had a really bad day," she recalled.

"I said, 'I hope your night gets better.' And he said, 'Well, why don't you come help me make it better?'"

She later gave birth to

Sterling on Sept. 5, 1997, at Cedars-Sinai Medical Center in Los Angeles. Chris wasn't at the hospital, said Josette, who told The ENQUIRER: "It didn't matter, because it was the best day of my life."

Three months later, a drug-crazed Chris would collapse in his Chicago apartment in the company of a prostitute.

Josette said she told Chris she was pregnant with his child after their one night together, and he replied that it was "wonderful."

But the troubled star would later have second thoughts, she insisted.

"Chris' tone was very different," she remembered.

"He said, 'I need time to wrap my head around this!'"

A representative for Chris'

brother Kevin told The ENQUIRER the family is not aware of Sterling's existence.

"This is news to me," the spokeswoman told The ENQUIRER on behalf of the documentary's producer – adding, "Chris' estate had no money."

In an exclusive interview, Chris' brother Tom Jr., who co-authored the star's biography, told The ENQUIRER, "[Josette] has never called us. There's just not a shadow of reality to this."

Despite those denials, an industry source said: "It's shocking that a documentary is being devoted to Chris' life without any reference to his most controversial legacy – his purported love child!"

The ENQUIRER has also

Sterling has shown talent as a photographer, however, and has sold pictures since the age of 12 to offset medical costs.

"He's had to have surgeries on his legs," a neighbor, Freda Harris, told The ENQUIRER.

# BREAKDOWN 'FRAGILE' MAR

**A** MOVIE now in the works detailing Marie Osmond's hellish second marriage could send the troubled singer right back to a mental hospital, worried friends told The National ENQUIRER.

The TV movie is based on the new book "The Life and Career of Marie Osmond," by Randy Jernigan, and will center on her 21-year marriage to producer Brian Bosil.

While the book features some painful and humiliating events, "the movie is going to delve deeper into some of Marie's darkest secrets and difficult times," Randy told The

# NEWMAN FEUD ERUPTS AS WIDOW JOANNE FADES FA

**P**AUL Newman's Alzheimer's-addled widow, Joanne Woodward, is living out her final days sadly unaware that a family feud has exploded over her late husband's \$600 million estate, The National ENQUIRER can reveal.

"It's tragic that Joanne is nearing death and she has no idea what's going on around her," said a family insider.

"She'd be heartbroken if she knew - and Paul would be spinning in his grave!"

Since the Hollywood superstar died from leukemia in 2008, Joanne, 85, has been steadily deteriorating at their estate in Westport, Conn.

Susan Kendall Newman, 62, the eldest of Paul's five daughters, intimated in a recent interview that Robert Forrester, a co-executor, may have exerted undue influence over her father's will.

Joanne

Susan

The document had been amended a shocking dozen times - including once just six months before his death.

"I will not be muzzled any longer!" Susan said in the interview about Robert, who was Paul's longtime pal and advisor, and eventually took charge of Newman's Own specialty foods after the actor died.

"Some family members may be angry at

me for speaking out," she added. "But I feel like the Newman family has been taken advantage of."

She added that the star's kids have been denied money promised to them by their famous father. "I was told each daughter would inherit a million dollars, which was a sizeable increase over what we had been told previously. And my father would set up foundations for each of us ... funded with up to \$30 million or more per daughter."

Susan also claimed her sister Stephanie, 60, as well as their three half-sisters, who are Joanne's daughters, were to serve on the Newman's Own board. But "we had the rug pulled out from us!" she said.

Said the source: "It's a bitter family feud now, and it's unlikely to end even when Joanne dies." **NE**

played out on screen is like reliving the drama all over again," said one pal.

Marie and Brian were married from 1986 to 2007, and had seven adopted and biological children together.

"Brian had dreams of being a rock star and successful record producer, but became increasingly jealous of Marie's already established career," Randy revealed.

"His jealousy turned violent when he heard a rumor that Marie was still in love with her first husband, Steve

Craig [whom she eventually remarried].

"He ended up pushing her down some stairs, cracking her wrist and leaving bruises all over her body," Randy added.

At the time, Brian called the allegations completely untrue.

In May, as *The ENQUIRER* reported, Marie, 55, suffered an emotional collapse on the five-year anniversary of her son Michael's suicide.

"This TV movie reenacting her private hell will send her to the mental hospital," her pal insisted.

"She's at a very fragile point in her life right now."

# CUT YOUR SUMMER ENERGY COSTS!

**D**ON'T sweat it, folks! The staff of the Alliance to Save Energy – which promotes energy efficiency and savings – said you can reduce up to 25 percent of your warm weather costs just by being smart!

So chill out, and follow these strategies to avoid burning a hole through your wallet this summer.

## ■ HIT THE CEILING!

Ceiling fans improve a home's air circulation, and allow your air conditioner to work less with no loss in comfort. A fan will also use just 10 percent of the energy of your air conditioner!

## ■ BE BRIGHT ABOUT YOUR BULBS!

Replace 100-watt incandescent light bulbs with comparable 23-watt compact fluorescent bulbs. These bulbs last a lot longer and use about half as much energy, but deliver the same amount of brightness!

## ■ COOL IT WITH YOUR LAUNDRY

Heating the water in your washer takes up 90 percent of the energy used in one load of laundry. Switch to cold water washes and save between \$30 and \$40 a year!

## ■ SET YOUR STAT!

Make sure you have a thermostat you can program. Allow the temperature to rise when you leave for the day – and set it to get cooler a half-hour before you get home. You'll cut about 20 percent from your monthly bill!

## ■ SCREEN YOUR MACHINES

Change your air conditioner filter once a month. A dirty filter slows the airflow and makes the system work harder, which will add to your bill. A clean filter, on the other hand, uses 5 percent less energy than a dusty one!

## ■ RAISE THE TEMPERATURE

You'll cut 3 percent of your cooling costs for each degree you add to the thermostat. A 5 degree increase may not even be noticeable to you, but the 15 percent drop in your bill certainly will be.

## ■ CONSOLIDATE!

Close off the doors, windows and vents in all of your empty rooms, and you will save roughly 5 to 10 percent on your AC bill!

## ■ KEEP CURTAINS CLOSED!

Drawing the drapes during a sunny day will lower the temperature – and you'll only lose half of the cool air that usually gets heated through your windows!

## ■ COVER UP WHEN COOKING

Always use a lid when boiling liquids on the stove. Boiling without a lid can take up to three times more energy – and makes the kitchen a lot hotter!

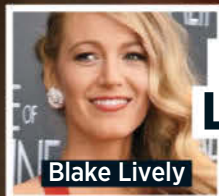

## ■ PLUG YOUR LEAKS!

Sealing your doors and windows with weather stripping and caulking is just as important in the summer as in winter, according to Alliance. It's an inexpensive way to keep the hot air outdoors and the cool air inside! **NE**

LEO'S LADIES

## Leo & Derek's 'bed babes' bet!

**I**T'S the Wolf of Wall Street vs. the Captain of the New York Yankees! Leonardo DiCaprio and retired baseball star Derek Jeter are in a hot competition to see who's landing the most babes. The celebs have partied together in the past, and Derek's competitive spirit got fired up when Leo made the papers by leaving a Miami nightclub in a limo packed with 20 beautiful women!

Derek then made sure that Leo saw news coverage of the All-Star athlete spending a night out at NYC restaurant The Chester with 30 models in tow! "Everyone knows Leo's out to top Derek now," said a nightlife insider in Manhattan. "All the clubs in NYC have contacted Leo's people and promised him a room full of models to himself - because Leo would love to beat out Derek in his hometown!"

## The Dude's ranch

**E**VEN an Oscar winner can end up with an empty nest! "The Big Lebowski" star Jeff Bridges and his wife, Susan, raised their three daughters in their sprawling Montecito, Calif., estate. Now they don't need nearly 20 acres to maintain. The next family will get a lot for the couple's \$29.5 million asking price, though. The property includes a recording studio, a small vineyard, a natural hot spring and a greenhouse. Susan added that the new owners will get the 65-year-old actor's "beloved aloe trees - they look like Dr. Seuss plants and require very little water!"

**B**AD-BOY pop star Justin Bieber is asking God to help change his image as a spoiled brat. He ran off to Australia in early July for a five-day stint at the Hillsong Church conference.

Pastor Carl Lentz couldn't lie, of course, and later said 21-year-old Justin was "a challenge," while Pastor Joel Houston confessed: "I think we just want to help him live as normal a life as possible."

A normal life, however, wouldn't entail Justin posting a shirtless photo of himself flying out of the conference in a private jet - holding what looked like a bottle of beer!

## Liza's daughterly duty!

**L**IZA Minnelli is feeling young enough to play a middle-aged Judy Garland!

"I want to tell the true story of my mother's life," the daughter of the showbiz legend told a friend, "and maybe put some of my own demons to rest!"

Liza, 69, is pitching a biopic in which she'd take on the role of her mom later in life - and she wants Zooey Deschanel to play Judy during her younger years!

The "Cabaret" star is on her own comeback trail, with Liza booking live concerts after a recent return to rehab.

"There are things about my mother that the public still wants to know," Liza said to her inner circle.

"She was a caring and wonderful woman who was a smart business lady. The story needs to be told - and I'm the one to tell it!"

## MOVIE STAR MATH

**A**NOTHER Aussie actress has been caught lying about her age!

"Focus" star Margot Robbie told Elle magazine that "people seem outraged that I'm 24" - adding, "people think I'm a decade older!"

That includes people in her native Australia, as seen in a newspaper article unearthed by All The Buzz!

Back on June 6, 2008, the Sydney Morning Herald described Margot as a "23-year-old actress from the Gold Coast."

That's one good reason for thinking Margot might be 30 years old - and hot on the heels of Margot's fellow Australian Rebel Wilson, star of "Pitch Perfect," getting caught taking six years off her age!

## Classic ENQUIRER

**SECURITY** couldn't stop The ENQUIRER from crashing Whitney Houston's wedding this week in 1992! Plenty of celebrities gathered in New Jersey to see Whitney marry Bobby Brown - but the ill-fated marriage tragically fell apart amidst the couple's serious drug use, with Whitney passing away in a Beverly Hills hotel on Feb. 11, 2012.

# Talk Show Doctor Reveals Digestion Remedy That Works Instantly!

Television host and best selling author explains how a new aloe-vera extract can make bouts of heartburn, acid-reflux, constipation, gas, bloating, diarrhea, and other stomach nightmares disappear!

Recently, medical professionals and alternative medicine experts have taken to the airways to reveal a simple secret that amazed millions who suffer with digestion nightmares. And people haven't stopped talking about it since.

## "I'd give anything to make it stop!"

That's what most people will say about their digestive problems. "It's just horrible says Ralph Burns, a former digestion victim. I was tortured for years by my Acid-Reflux. My wife suffers with digestion problems too. If she eats one wrong thing, she spends hours stuck in the bathroom dealing with severe bouts of constipation or diarrhea."

## FDA Warns About Popular Antacids

A recent FDA warning explained that excessive use of antacids could lead to an increased risk of hip, wrist, and spine fractures. Especially in people over the age of 50.

So when an alternative was discussed on National TV, you can imagine how thrilled people were to find out they could finally get relief without having to rely on pharmaceutical proton pump inhibitors. But now, according to Dr. Liza Leal, M.D & Chief Medical Officer at Meridian Medical, your stomach problems could be over by simply drinking a small amount of a tasty Aloe Vera extract every day. It's as simple as that!

## Finally There's Hope...

At first, the thought of drinking aloe vera might make some people back away, But in fact, this delicious "digestion cocktail" is doing amazing things for people who suffer with digestive problems — even if they've had them for years. Here's how it works...

## Stop Stomach Indigestion

Your stomach naturally produces acid so strong, it can dissolve an aluminum spoon in just 30 minutes! And when excess acid escapes into your esophagus, throat and stomach lining, it unleashes the discomfort of Acid-Reflux, heartburn, ulcers and more misery. Add the problems of stress, and "all hell breaks loose."

Dr. Liza Leal, a well known expert on chronic pain management explains... "**AloeCure**" can work genuine miracles. It buffers high acid levels with amazing speed, so your stomach feels completely at ease just moments after drinking it." In fact, it could wipe out stomach discomfort and frantic runs to the bathroom.

"I'm always in 'indigestion hell'. Doctors put me on all sorts of antacid remedies. Nothing worked. One day a friend said, 'Why don't you try **AloeCure**'."

I was shocked! It tasted pretty good! I stopped taking the PPIs altogether and replaced it with a daily diet of **AloeCure**®. Then something remarkable happened - NOTHING! Not even the slightest hint of indigestion. For the first time in 40 years I didn't need pills or tablets to avoid indigestion. Thank you **AloeCure**®

- Ralph Burns

## Until Now, Little Could Be Done...

But "**AloeCure**" can help virtually anyone. Even people with chronic stomach discomfort can start to feel better right away," says Dr. Leal. And what's really exciting is **AloeCure**® aids in keeping your digestive tract healthy, so with regular use intestinal distress stops coming back.

**Digestion Defender #1: Balances Stomach Acid:** Your first line of defense is calcium malate. This natural acid buffer instantly sends stomach acid levels plunging. And holds acid levels down so they are not likely to return!

**Digestion Defender #2: Instant, Soothing Relief:** **AloeCure**® is brimming with polysaccharides, a "wonder" compound that gently coats the throat, esophagus and stomach, carrying instant relief to cells scorched by excess acid.

*Doctor recommended **AloeCure**® may be the most important application ever discovered for digestive health!*

## Here's What Doctors Are Saying!

**AloeCure**® is backed by important scientific studies that confirm... aloe calms stomach acid and allows your body to heal itself.

Dr. Liza Leal, M.D & Chief Medical Officer at Meridian Medical, says, "That's why I recommend it to patients who suffer from bouts of heartburn, Acid-Reflux, ulcers, and irritable bowel syndrome..."

Dr. Santiago Rodriguez agrees. "Just two ounces of **AloeCure**® reduces the acids in your stomach by ten times."

**AloeCure**® may be the most important application ever discovered for digestive health!

## Safe And Easy To Use

With no sugar, no stimulants, and zero calories, **AloeCure**® is safe, all-natural and has absolutely no side effects. Just drink two ounces, once in the morning, and once at night, and start enjoying immediate life-changing relief!

## Try It 100% Risk-Free!

The makers of **AloeCure**® have agreed to send you up to **6 FREE bottles PLUS 2 free bonus gifts** with your order— they're yours to keep no matter what. # CRYPTOGRAM QUOTES

## FAMOUS QUOTES FROM YOUR FAVORITE PEOPLE

Cryptograms are coded messages. To solve the Cryptogram, each coded letter must be replaced by the answer letter in the box overhead. When you solve the code for a letter, write the answer letter in the box everywhere the coded letter appears. Look for common words and letter patterns to break the code. Words like AND, I, THE and A are found frequently. Common word endings are ING, S and E.

## ASK THE VET

WITH DR. JEFF LACROIX

Owning a pet can be a rewarding but often puzzling experience. ENQUIRER columnist, top veterinarian Dr. Jeff LaCroix, answers the toughest questions about your four-legged friends.

### CARING FOR A DEAF DOG

We are about to bring home a Dalmatian puppy who appears to be deaf! Our friend says we shouldn't buy him because deaf dogs can be

aggressive and very difficult to train. What do you think?

As you likely know, congenital deafness is a known problem in the Dalmatian breed. As to aggression, actually the opposite seems to be true. A recent article in the Journal of Veterinary Behavior found that hearing and/or visually impaired dogs show less aggression than their peers. A hearing-impaired dog is as trainable as

one without this deficiency.

But because of your puppy's sensory limitation, specialized training methods and adaptations must be implemented.

You will need to find dependable information about training and/or find a trainer with this specialized experience.

Send your pet questions to Ask The Vet, National Enquirer, P.O. Box 1831, New York, NY 10156 or email [letters@nationalenquirer.com](mailto:letters@nationalenquirer.com).

## HOW TO PLAY

You must fill in every empty square in the Sudoku grid. There's no right way of going about this, but there is only ever one solution. The big grid is split into nine mini-grids. There are nine rows running left to right and nine columns running down. In every row, you must have each of the numbers 1, 2, 3, 4, 5, 6, 7, 8 and 9. These can be in any order. The same applies to columns and mini-grids: place every number 1 through 9 in each column and in each mini-grid.

## CELEBRITY WORD MATCH

Find a word that can follow the word on the left and precede the word on the right. When you've filled in all the answers, the name of a celebrity can be read from top to bottom in one of the lines.

Then it is painted by hand and outfitted in fabric clothing to add to the nightmarish realism. "Baby Sally and Lucky" will arrive next, once "Li'l Jack" has you wrapped around his bony little finger.

# THE MAN WHO ATTACKS SHARKS!

But it's all in  
the name of  
conservation

**E**LLIOT Sudal has a “Jaws”-some hobby!

The Nantucket boat operator is becoming a local hero on the Massachusetts island for snagging sharks right out of the water!

Elliot, 26, isn't wrestling man-eaters for laughs, though. Instead, he's taking on the toothy titans as part of a conservation program.

Elliot gets the sharks onto land just quick enough to tag them, and then snaps a quick photo that's posted to his Instagram account, @AckSharks.

His daredevil hobby has helped him become a worldwide sensation, although he's baffled by some of the responses that he gets. “It's so funny seeing what people are into,” he said.

“For example, the most likes I've ever gotten [on a photo] was this puffed-out, tennis ball-sized puffer fish. Really? I'm here posting [pictures of] 400-pound bull sharks!”

Elliot's also hauled in sandbar sharks, a brown shark and several other species. In fact, he's grabbed 88 sharks in just the past eight months!

The waters of tranquil Nantucket suddenly seem a lot scarier. Elliot even took on a seven-foot shark there back in 2013 – battling the beast from a boat before diving in to drag his catch onto the beach.

“You have to run into the water and grab it by the tail and put it on shore,” Elliot explained, making his feats of derring-do sound like a snap.

But he admitted that wrestling exhibition drew a crowd. “Everyone was freaking out,” he recalled.

Elliot has also appeared on the National Geographic Channel, but the buff hunk might be better off writing an exercise book. “I go through a pint of Ben & Jerry's every day,” he said, which means the Wrangling Shark Diet is a winner, and might get more folks hauling man-eaters to the top of the Odd List! **NE**
